

Donate With Confidence

Thank you for wanting to know more about how we're running Boulder City Paws 'n' Claws. Community awareness and involvement have been vital to the success we have already achieved and their importance won't diminish as we continue to gain momentum!

That being said, below is a complete accounting of all our operating expenses as of 7/1/16, which we're providing to assure our supporters that we run a tight financial ship and that every dollar will be allocated to first cover our start-up costs and then to begin achieving our goals.

[Update: In light of the removal of the charitable purpose for which our nonprofit organization was formed, our Board of Directors requested and received permission from the Nevada Secretary of State to dissolve our organization on 7/30/16, after which the generous donations by our sponsors were returned and all known donation money was refunded. We retain approximately \$50 in unknown cash donations which were applied to the expenses outlined below, the remainder of which was personally absorbed by members of the Board.]
